I have gone through the 3 boxes of files on the Sesko Abatement activities, (which involved 2 of the properties), just to be familiar with what documents we have. I have started making notes on the Information Request template, because I need clarification on some of the questions. I'd really like to be at this meeting, let me know when you set a date & time –I am unavailable all day Monday, and Tuesday after 2:00 pm.

Thanks,

Kelli Lambert

Hi Dave – attached is the information request I mentioned a few minutes ago – I just love the partnering tone of the letter...

Would you be available next week for a 1+/- hour meeting to discuss this site? We need to get started in responding to this request and it would be very helpful to pick your brain for background. Also, if you could forward the letter on the site that you mentioned that would be very helpful.

Tom,
We received the attached information request from EPA – we'll need Engineering's help on coordinating a response. We should meet after you've had a chance to review the letter.

Thanks –
Kelli

Hi Kelli-

I wanted to let you know that the Bremerton Gas Works 104(e) information request letter was just sent by certified mail. I have attached what was sent to the Mayor. The 90-day clock begins when the certified mail has been received. Let me know if you have questions or need an extension. Thanks.
